

CM-101 Digital Price Computing Scale

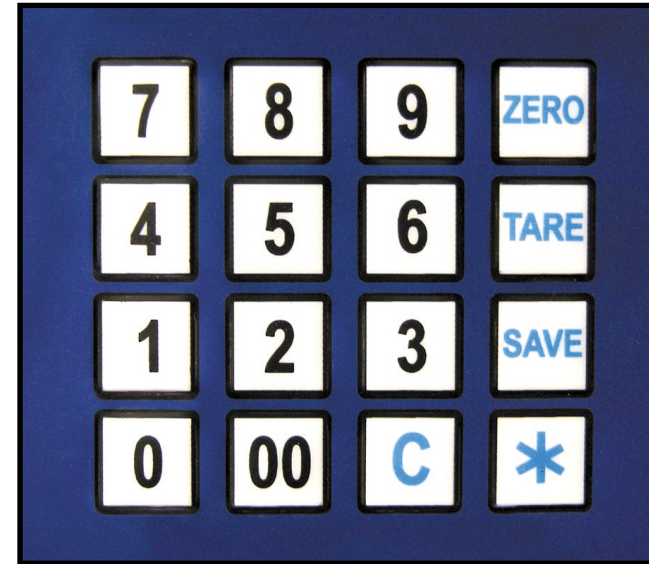

◆ Automatic Price Calculating

Enter the price of your product by pound and the scale will automatically calculate the price.

◆ Three Large Backlit Displays

The CM-101 displays have a bright backlight on the front and back for both the cashier and customer.

◆ Easy To Clean Membrane Keypad

The CM-101 has an easy to clean membrane tactile keypad with accurately labeled keys for easy weighing.

◆ Full Tare Feature

The full tare feature allows you to zero out a container or previously weighed product and resets the scale back to zero.

◆ Rechargeable Battery

The CM-101 has an internal rechargeable battery with up to approximately 120 hours of battery life on a single charge! AC adapter is included.

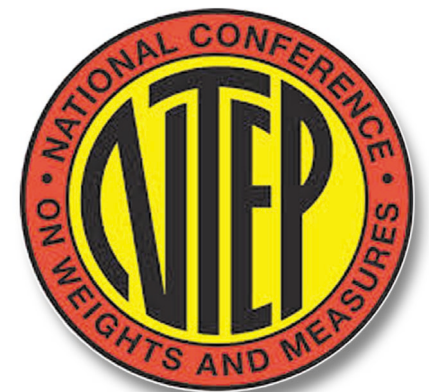

◆ Large Removable Stainless Steel Platform

The CM-101 has a large durable stainless steel weighing platform to make cleanup a breeze. Stainless steel will not scratch easily and keeps its shine without rusting or tarnishing.

◆ 1 Year Manufacturer's Warranty

The CM-101 is covered with a 1 year limited warranty from Penn Scale against defects in material and workmanship.

NTEP Certified Legal for Trade

The National Conference on Weights and Measures certifies the CM-101 Legal for Trade with COC# 04 - 101A1 for accurate readings time after time.
