

Use with 'AA' Batteries

Easy to Store  
Stackable Design

Load cell lock &  
adjustable footing

# SH SERIES

## Gram Scale

SH series is a simple weighing scale which offers high product versatility and reliability. Its simple design makes it easy to use. Its compact design and battery operation makes it ideal for use anywhere.

# SH SERIES | Gram Scale

## SPECIFICATIONS

Model	SH-200	SH-2000	SH-5000
Max. Capacity	200g	2,000g	5,000g
Readability	0.1g	1g	2g
External Resolution	1/2,000		1/2,500
Weighing Units	g, oz	g, lb:oz, ozt, dwt	
Display Digit	6 digits (weight)		
Display Type	LCD		
Stabilization Time	2 Seconds		
Optimum Oper. Temp.	65°F ~ 77°F / 18°C ~ 25°C		
Power	3 x AA alkaline batteries (included) AC adapter (optional)		
Battery Life	300 hrs (Alkaline)		
Platter Size (inch/mm)	4.7 / 120		
Dimensions	inch: 5.7 (W) x 1.8 (D) x 8.1 (H)		
	mm: 145(W) x 45(D) x 205(H)		
Product Weight	0.85 lbs / 0.4 kg		

## FEATURES

- Simple & easy to operate
- Load cell lock
- Stackable for easy storage without slipping
- High contrast LCD display
- Battery or AC adapter operation
- Auto power-off for low energy consumption
- Over / under load indicator

## OPTIONS

- AC adapter

## Stackable

A molded stacking ring under the SH series allows several scales to be stacked in storage without slipping.

## Load cell lock & adjustable footing

The load cell lock engineering protects SH series during transport and storage, while the adjustable footing provides great stability.

## AC adapter or battery power

Power the SH series by the optional AC adaptor or AA alkaline batteries for approx. 300hrs of usage. With its compact design, the SH Series is ideal for use anywhere.
